“ My thoughts are with you in Alice, TX as you celebrate Alfred's life. My memories go back to the time before we started school. His parents did summer vacation's at the Jersey shore. I recall going on one of them. I also recall his parents closed off a 1/4 of the basement and that was the play area. He had a movie projector and we would pretend we were at the movie theater and watch cartoons. They had a nice backyard to play in so often we would be out there playing. When I turned 12 my parents moved to NM and those fun time together were over. Oh can't forget the piano and listening to him play. He did a great job on there. His sense of humor was also to be enjoyed by many. His stories of his experiences in the Navy were also a joy to listen too. Lots of great times with my cousin. God'd Blessing be with all of you.

I knew Al and his family in Evesboro NJ. We roller skated together at Delwood rink in Pitman NJ at Bible Teenagers skate every month. His extended family and grandparents were good friends of my parents Rose and Harry Jacoby fr Camden NJ. Al played piano for his grandparents a slow one for grandmom and a lively one for granpop, who then got up and danced away. His mom and dad were packing for vacation and his dad passed away before they were able to finish. Very sad. Spoke to Al once in Texas. I live in NJ on same road as grandparents. May he rest in peace with our Savior. Alma Boettcher

My grandfather left me with a lasting impression of what it truly means to be a gentleman. Honorable, courteous, but above all kind-hearted. A constant source of inspiration, not only for himself. He had a very caring nature that only grew and grew for his friends, family, and his wife.

“ I never had the opportunity to grow up with my extended family as my father moved to New Mexico the year before I was born, but good communication kept me up with everyone. A few years ago, my husband and I were fortunate enough to take a trip to Texas and see Al. He and I were able to sit on his porch late at night and share memories of our mothers, who were sisters. This is one my best memories. It was so comforting and enjoyable to have stories to share. He was an incredible man, a lot like his father. I know God had a special place in Heaven just for him and while I was sad to see him go, I am glad he is not suffering. My only regret is that I am unable to attend the funeral but my condolences go out to the family and I hope in the near future to have the opportunity to get to know his sons better. I enjoy facebooking with them and would love some face to face time as well. One of my brother's favorite memories is of his "blessing" at the table of ".....over the tonsils..... look out stomach here it comes." I don't remember the exact words but do remember the story repeated many times. He was full of love, compassion, good humor, and an example of what a man should strive to be. Love and prayers for all from New Mexico.

“ From Phil, Retired Navy Chief, and Minnie Ewing - Al was a great person and we thought the world of him. He will be missed by all who knew him. And as is said in the Navy, Fair winds and Following seas.... He comes from my era of time in the Navy, we had a good time then, even with what was going on in the world. God bless to the whole family.
