“*May God give comfort to the family. Babe is in the land of no more pain or heartache. Peace at last. During her time here she gave more than she received. Was always loving and kind. What a blessing it was to have known her.*

She shared her love of God by demonstrating it to all who came in contact with her. Her laughter and smile made it a better day when you were with her.

I always looked forward to the Cocoons Gathering each year on Christmas Day. This year will be a time to reflect on the memories we had with her through the years.

David your mother loved all you and your family did for her before and during her illness. Your family meant the world to her.
