“ *My deepest condolences to the family. Erika was one of my very best friends no matter how much time went by without us talking we always picked up right where we left off. She was like a sister to me! One memory I remember vividly is when she gave me the news about her pregnancy with her first born(Tristen) she was over the moon! We talked for hours discussing some names, wondering what the future had in store for her and her new little family, she loved her children unconditionally. All I can say is Erika was one of the sweetest, funniest souls I've ever had the pleasure of having in my life. I will never forget her, I will keep her memory alive always.*
