“ *My Ama was the strongest person I know. She battled health issues for years and was truly a walking miracle. Most people with her health conditions and pain complain or even give up, but instead she cracked as many jokes as she could and beat every odd, with a smile on her face.*

She had a joke, old saying, or pun for every situation that would make you feel better about anything. She loved being involved in my sister and I's daily lives. Even when we couldn't see her much she enjoyed keeping track of us on snap maps! I looked forward to our daily phone call. She knew all of my friends as she would often call me when I was with them and she would talk to them too.

She always made a point to say "be kind, be sweet, be good" to me and Presli. When we were little she would play barbies with us and agree to entertain anything we wanted to play. She cooked the best eggs, pigs in the blankets, lasagna, mashed potatoes, and peach cobbler.

As we grew up she was sitting in the stands at every track meet and volleyball game cheering our names. She was involved in everything we were doing and wanted to know every detail. She was always concerned about what we were going to wear and how we were going to fix our hair.

I have nothing but the best memories with her and I will cherish them forever. She loved unconditionally and gave the best advice. I know her timing was perfect. Her Godly purpose here on earth was served and complete.

She told us it was okay to be sad and cry, but "only for a little bit and then get over it". There's no life I will celebrate more. I love you always, Ama.

“ My prayers r with your family during this time of sorrow . I remember the times I would stay with Roxanne and Evelyn would fix Roxanne’s hair so pretty. I was fortunate to teach Sammie in 3 rd grade. He always had a smile. Evelyn would come help the class during our parties . She was very helpful . Remember the good memories of knowing her because I certainly will.

“ Ama was an amazing person and had a great soul. She treated me like her own grandchild, always telling me how much she loved me and how much she loved her family. I always loved hearing about what Ama had to say about Elvis and how cute he was! She lit up a room with smiles every time she walked in. I loved her so much and she will always been in my heart.

“ *If you can, please leave a sweet or funny memory here for my family to treasure.*

She was so full of life that it will never be the same here without her. She loved us with her whole heart; deeply and unconditionally. She was a witty, jovial, kind, giving, accepting and creative soul. She did not let the numerous health problems that devastated her independence and quality of life stop her from trying to live life to the fullest. I loved the stories of her dancing on the cafeteria tables to Elvis music in high school. She made me the BEST Halloween costumes, the best lunches, and made sure to make every gymnastics meet or Football game when I was young. She never missed anything her grandchildren were involved in if she could make it there! She treated strangers with the same kindness as her closest family, and she would literally give you her last dollar if you needed it. I am beyond blessed to have had my sweet mom for so many years, but I do know she is truly now at peace with her Heavenly Father and always with us here forever. You have truly earned your wings over and over again by being such a teacher and guide for your Peyton and Presli. I love you forever Mom.
