“ *Jennie is always going to be my badass sister, she was and still is the coolest, she always had my back , she would fight off an army if that's what it took to help us younger siblings. And she loved more fierce than that. She is still my big sister and I know she went home to find Gary. I know that they are together waiting for the rest of us.*

I love you Sis your Bubba

“ *Jennie "Sissy", was my first best friend ever. She protected me and loved me for the first three years of my life, she was the most awesome woman when it was for us, her baby brother. I love you sooo much and I wished for you to find rest and happiness. I hope that you are walking with Jesus in beautiful fields with family and hugging Gary, I know y'all found each other. I'm jealous. I pray that we will see each other in the other side, it hurts not having you here to pick at and fluster, you're still my first best friend. Save me a spot:).*
