“ Lily will be missed. She was always a bright spot in my life. We kept in contact over the years but it was like we picked up right where we left off. I am so honored that Lily chose my name for her youngest daughter. My thoughts and prayers are with all the family.

“ So many memories my beautiful friend from cruising the streets of TR in your mom's station wagon to our weddings and babies and visiting when we could. My boys just figured out a few years ago that we weren't biologically related but we will always be sisters from the heart. Miss you already. Say hi to my mom for me. Love you always. Frances
