“ I didn't need to be next to my grandpa to love him so much. Speaking to him on the phone was never enough but I know that I saw so much of him in my own father, his only son, when I did speak with my grandpa. He had unconditional love and I'm so grateful for that. There was so much I wanted to know more of him, of the man my dad naturally took after in all the best ways, but I know I will see him again after this life, and spend eternity talking with him. He is with more and more of his family now and it comforts my heart that both my dad and him have each other and more. Here is a photo of Grampa Mickey's son and granddaughter (my dad and I) I see him through us 🕊️
