“ Robert Galvan was my friend if not my bestfriend we knew each other since we were in grade school. Before I continue I would like to say about his parents they treated me like one of them. I remember the day before we got into junior high school we were thrilled because we liked sports but football was our favorite we were thinking playing George west and beating them ever year but we never got to play them. I will miss him he was truly my friend as is his brother Joe. To joe and all his family members iam so very sorry for your lost. Fernando Deleon Peewea.
